PROFILE

Passionate AI/ML enthusiast currently pursuing a B.Tech in **Artificial Intelligence and Machine Learning**. Hands-on experience through multiple internships, focusing on AI, data analytics, and software development. **Proficient in Java, Python, and key frameworks like Spring Boot and Kafka**. Strong problem-solving skills with expertise in Data Structures and Algorithms. Eager to apply technical knowledge to real-world challenges and contribute to innovative AI-driven solutions.

EDUCATION

Anurag University	2023-2027
<ul style="list-style-type: none">Bachelors of Technology in Artificial Intelligence and Machine Learning CGPA : 8.0	
Bhashyam Junior College	2020-2023
<ul style="list-style-type: none">Intermediate	

INTERNSHIPS AND WORK EXPERIENCE

Deloitte - Data Analytics Job Simulation	JAN - FEB 2025
<ul style="list-style-type: none">Conducted data analysis and applied forensic technology techniques to extract meaningful insights.Utilized Power BI and data visualization tools to interpret complex datasets.Gained hands-on experience in fraud detection and risk assessment using analytical methods.	
JPMC (J.P. Morgan Chase & Co.) - Software Engineering Job Simulation	JAN - FEB 2025
<ul style="list-style-type: none">Set up and configured a full-stack project with Java Spring Boot and React.js.Integrated Apache Kafka for real-time data streaming and messaging between services.Implemented H2 Database for in-memory storage and rapid application development.Developed and tested REST APIs, ensuring smooth communication between microservices.	

VISIONAVA 2K25 - NATIONAL HACKATHON (TOP PERFORMER)

- Award-winning AI Chatbot for Academic Assistance using Gen AI
- Developed an AI chatbot to assist students and lecturers in retrieving course and college-related information
- Trained the chatbot using internal documents, leveraging Gen AI models for accurate responses

SKILLS

- Front End Programming:** React JS, JavaScript, HTML, CSS
- Back End Programming:** Java, Spring Boot, Python, H2, Kafka, C, Data Structures and Algorithms
- Data Processing:** Python Pandas

CERTIFICATIONS

- Deloitte** - Data Analytics Job Simulation
- JPMC** - Software Engineering Job Simulation
- PWC** - Power BI Job Simulation
- Code Alpha** - Internship in Artificial Intelligence
- Edunet Foundation (ACITE & Shell)** - 4 Week internship in AI
