EDUCATION

2023 - 2027

ANURAG UNIVERSITY

- Bachelors of Technology in AIML CGPA : 8.0

2020 - 2023

BASHYAM COLLEGE

- Intermediate
-

SKILLS

- Data Structures & Algorithms
- Java Programming
- Python Programming
- Python Pandas
- C Language
- Web Design
- SQL
- Spring Boot (Java Framework)

LANGUAGES

- English (Proficient)
- Telugu (Native)
- Hindi (Intermediate)

SRINIVAS DEVALLA

AI/ML ENTHUSIAST | SOFTWARE DEVELOPER

[Srinivas14aiml - GITHUB](#)

PROFILE

Passionate AI/ML enthusiast currently pursuing a B.Tech in **Artificial Intelligence and Machine Learning**. Hands-on experience through multiple internships, focusing on AI, data analytics, and software development. Proficient in **Java**, **Python**, and key frameworks like **Spring Boot** and **SQL**. Strong problem-solving skills with expertise in **Data Structures and Algorithms**. Eager to apply technical knowledge to real-world challenges and contribute to innovative AI-driven solutions

INTERNSHIPS & WORK EXPERIENCE

Deloitte

JAN - FEB (2025)

Data Analytics Job Simulation

- Conducted **data analysis** and applied forensic technology techniques to extract meaningful insights.
- Utilized **Power BI and data visualization** tools to interpret complex datasets.
- Gained hands-on experience in **fraud detection and risk assessment** using analytical methods.

JPMC (J.P. Morgan Chase & Co.)

JAN - FEB (2025)

Software Engineering Job Simulation

- Set up and configured a **full-stack project** with Java Spring Boot and React.js.
- Integrated **Apache Kafka** for real-time data streaming and messaging between services.
- Implemented **H2 Database** for in-memory storage and rapid application development.
- Developed and tested **REST APIs**, ensuring smooth communication between microservices.

VISIONAVA 2K25 - NATIONAL HACKATHON (TOP PERFORMER)

Award-winning AI Chatbot for Academic Assistance using Gen AI

- Developed an **AI chatbot** to assist students and lecturers in retrieving course and college-related information
- Trained the chatbot using **internal documents**, leveraging **Gen AI models** for accurate responses

CERTIFICATIONS

- **Deloitte** - Data Analytics Job Simulation
- **JPMC** - Software Engineering Job Simulation
- **PWC** - Power BI Job Simulation
- **Code Alpha** - Internship in Artificial Intelligence
- **Edunet Foundation (ACITE & Shell)** - 4 Week internship in AI
